Dear Steve,

From my first phone conversation with Krista in your office to picking up my check at Crest Abstract the whole process was handled professionally, smoothly and very efficiently. Everyone was very friendly and extremely knowledgeable; explaining all my options and answering all my questions. Krista put me at ease right from the start and encouraged all my questions and stories/frustrations.

My only ~~one~~ regret is that I put off making the the initial phone call as long as I did!

Thank you again.

Sincerely,

Sharon Bellington
