Mr. Steve Stelzman,

My husband and I wanted to thank you and your staff for helping us back in June. You helped us refinance our current mortgage and home equity line of credit. You have no idea how much you've changed our lives!

Before our closing, we were worried we might have had to claim bankruptcy. We were struggling to pay our bills and didn't have much left over to buy groceries, much less have a savings account. And we would be remiss not to mention the terrible stress it put on us day in and day out, personally.

Now, we're able to enjoy our home again! We've established a savings account again and in a little less than three years we'll have our credit card debt completely gone! And we can do that in conjunction with putting money in our savings every pay!

You were professional, helpful, and courteous. You walked us through each step and really helped us understand what was going on. We can't say enough positive things about you and your staff. We would definitely recommend you to anyone we know of that owns a home and is looking to reduce payments (or reduce interest)!

Thanks to you and your entire staff!

George and Nicole Dimpoulos
