

Dear Steve:

Jan 12, 2007

Thank you for everything, we could not have gotten through all the stress of purchasing our beautiful home without your assistance.

We were very hesitant, very unsure of all the processes that it entailed in order to purchase a home - your assistance was over the top. We had an overwhelming amount of questions - you never hesitated to answer any of them - you never turned your back on us - even when we felt that we would never spend anything we could afford - or even be happy with.

Steve, you never gave up on us. If anything you were very encouraging. You went over every step, every detail, you never sprung any surprises upon us - your door was always open for any questions or concerns.

To be honest I would recommend anyone that needs a mortgage company or "Mortgage Guy" to call you - we are very pleased with the outcome of working with you and The Mortgage Co.

Thank you for everything.....

Sincerely,

Pa + Scott
