

3/3/09

We would like to thank you for the great service we received from you and your employees.

We had received a word of mouth referral and could not be happier with our choice. All our questions were answered promptly and in an understanding manner (especially for those who are clueless when dealing with financials).

We have already mentioned your name to a few people who are thinking of moving in the near future.

Thanks for your time and willingness to help!

Michele + Shawn Kerigan
