

Steve and Denise,

I would like to thank you for all of your hard and very smooth work!! I've never had a transaction if you can call it that, go so smooth. I had nothing but confidence going into closing on March, 28. I have already passed your names and business on to my whole family and all of my friends. I wish I could say I would be coming back soon for more, but I think we have found the house of our dreams. Glad you could be a part of it. Once again thank you for all of your effort, and if there would be a time we would be selling, refinancing or buying another house we would be right back in your office.

Thank You

The King Family
