Dear Steve:

This letter is to thank you for the wonderful service that you and your team performed for me in refinancing my house. It was by no stretch of the imagination an easy task dealing with the rezoning of the property. You not only went the extra mile to get the refinancing done, you guys went the extra five. Thanks to you and your staff for all the advice and help. You have earned a customer for life and will definitely be hearing from me when it is time to purchase my next home. Keep up the great work.
