Subject: Thanks

Steve,

I just wanted to thank you and your staff for helping my wife and I find a way to own a home. When I got your direct mail I thought I would give your company a try but thought I would be turned down like I was in the past. With your help and the help of Bonie Shive we closed on a home in about 3-4 weeks. Thanks.

I just wanted to let you know that I will be opening my own plumbing heating and water treatment company in a few weeks. I will also be doing property maintenance. If you or any one you know are in need of these service please keep me in mind.....and of course i am licensed, insured, and have plenty of references if needed.

Dave Reiter
