

Dear Steve and Denise,

We would like to thank you both for all the time and effort you put into getting our home refinanced, as well as correcting our credit reports, that was something I did not expect. You exceeded our expectations and certainly lived up to everything I've heard on the radio from Bobby Gunther Walsh. I will and have highly recommended your company to everyone whom I think can use your services. You both have done a great job and we wish you continued success.

Sincerely,
Tom & Norma Singley
